TERMINAL DISCLAIMER UNDER 37 C.F.R. 1.321

Petitioner, Lucent Technologies Inc., a corporation of the State of Delaware, acting through the undersigned (an attorney of record), represents that the above-identified U.S. Patent Application Serial No. 09/472,617 is a continuation application of U.S. Patent Application Serial No. 09/346,848 (now, U.S. Patent No. 6,038,154), which is a continuation of U.S. Patent Application Serial No. 08/696,674 (now, U.S. Patent No. 5,920,475), which is a continuation-in-part of U.S. Patent Application Serial No. 08/434,712 (now abandoned). The Petitioner further represents that it is the

Assignee of U.S. Patent Application Serial No. 09/472,617 by virtue of an assignment of U.S. Patent No. 5,920,475 from the inventors thereof to Lucent Technologies Inc., that is recorded in the United States Patent and Trademark Office at Reel 8150, Frame 0711.

Petitioner, in accordance with the provisions of 35 U.S.C. § 253 and 37 C.F.R. § 1.321, hereby disclaims the terminal part of any patent granted on U.S. Patent Application Serial No. 09/472,617, which would extend beyond the expiration date of the full statutory term as defined in 35 U.S.C. §§ 154-156 and 173, as presently shortened by any terminal disclaimer, of U.S. Patent No. 5,920,475. The Petitioner hereby further agrees that any patent so granted on U.S. Patent Application Serial No. 09/472,617 shall be enforceable only for and during such period that legal title to such patent shall be the same as the legal title to U.S. Patent No. 5,920,475. This agreement is to run with any patent granted on the subject U.S. Patent Application Serial No. 09/472,617 and is to be binding on the grantee, its successors or assigns.

In making the above disclaimer, Petitioner does not disclaim the terminal part of any patent granted on U.S. Patent Application Serial No. 09/472,617 that would extend to the expiration date of the full statutory term as defined in 35 U.S.C. §§ 154-156 and 173 of U.S. Patent No. 5,920,475, as presently shortened by any terminal disclaimer, in the event that it later: expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. § 1.321, has all claims canceled by a reexamination certificate, is reissued in any manner, or is terminated prior to the expiration of its full statutory term as presently shortened by any terminal disclaimer, except for the separation of legal titled as stated above.

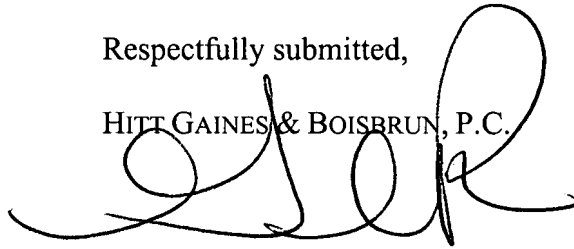

The evidentiary documents referred to in the Terminal Disclaimer have been reviewed by the undersigned and it is certified that to the best of the undersign's knowledge and belief, title is in

the Assignee seeking to take action. The undersigned (whose title is given below) is empowered to act on behalf of the Assignee.

The Commissioner is hereby authorized to charge the fee of \$110.00 required by 37 C.F.R. § 1.20(d) to Deposit Account No. 12-2325.

Respectfully submitted,

HITT GAINES & BOISBRUN, P.C.
